The 1 to buy By Marit Ann Louise Ft If you're going to buy just one of the Tori Amos sheet books, this is definently the one you are looking for. All Tori singles from "Little Earthquakes" to "From the choirgirl Hotel". I'm not a good piano player, so actually I'm not able to play any of the songs -yet. The closest I can get is "china". One of my friends, however is a great Piano player so I can tell that some of the songs are simplified, for example Cornflake Girl; but that is very understandable...no one can play the piano like Tori. The interpretations however are very good and I would definently recommend it; both if you are a great piano player or just interested in music.

Features such hits as Caught A Lite Sneeze, China, Cornflake Girl, Crucify, God, Hey Jupiter, In the Springtime of His Voodoo, Jackies Strength, Me and a Gun, Past the Mission, Pretty Good Year, Professional Widow, Raspberry Swirl, Silent All These Years, Spark, Talula, and Winter. Arranged for piano/vocal with full lyrics.
