**BradyGames : Totally Unauthorized: Super Mario 64 (BradyGames Strategy Guide) (The Super Mario Game Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Totally Unauthorized: Super Mario 64 (BradyGames Strategy Guide) (The Super Mario Game Series):

11 of 14 people found the following review helpful. Helpful guide, but it lacks maps. By A Customer I'm an adult gamer (probably because my parents never caved in and got me an Atari -- remember those?), and I have always gotten strategy guides for more complicated games (Zelda and Donkey Kong, for instance). I shouldn't have needed a

guide for this game, but I was stuck at 45 stars and just couldn't obtain any more. With this guide, I quickly obtained 25 more stars. It's very simply written, and will sometimes tell you where the star is, but not necessarily how to get it. Sometimes the directions are confusing (i.e. "go up on the left side" but the left side depends on your vantage point). What this guide really needed is what I've come to expect from all strategy guides: maps, either detailed or simplistic. There are no maps of the individual worlds, and no layout of where each world is in the castle. The lack of these maps is what keeps this guide from being great. There are, however, many color pictures, and usually from that you can ascertain where you need to be. Still, this is a good strategy guide -- especially if you're somewhat familiar with the worlds already and just need a little help. 1 of 2 people found the following review helpful. Super Mario 64 - Totally Unauthorized Strategy Guide By Auburn Niewiadomski I bought this (totally unauthorized) guide by BradyGames because I bought a guide for Donkey Kong 64 and it was extremely helpful. Although I'm not keen on unofficial guides, this guide was really helpful for finding hidden stars and bonus items. But there is a problem. The Good - Not one star is missing in this guide and the photographs are helpful if you don't know where to go when trying to receive a star. The guide tells you the location of each star how to get it and it's usually simple to understand and that was a relief. The Bad - I really wish there were maps of the courses so I wouldn't have to look at the photographs or read the description of where to go. Super Mario 64 is not impossible without a guide but it can be very difficult so it's nice to have a guide with no flaws and this guide really comes in handy. 0 of 0 people found the following review helpful. BOO!!!! By Daniel T. SWan No wonder it was unauthorized, it sucks! Read others reviews for this paper back turd. As for me, it'll make good addition in my fireplace....

In Super Mario 64, the world's favorite plumber ventures where he's never gone before--the 3rd dimension. The Ultra 64 now allows players to guide Mario through an incredibly rendered 3D world with more control than ever. This is the unofficial guide to Mario's world.

From the Publisher This entertaining, action-packed guide is filled with the location of all 120 Stars, strategy for defeating Bowser and all the Bosses, and more-to make winning a breeze! - Find and beat all the Bonus Courses - Discover Yoshi's secret location - Earn 100 lives
