The transcriptions are excellent, managing to capture the feel of the music perfectly without becoming too complex for a single set of hands. Unlike many other collections of sheet music with vocals, this never falls into the trap of mirroring the melody in the piano part if the melody was vocal-only. This makes it much more enjoyable to play and sing to, and feels much closer to the original music than it would

otherwise. The book itself shows a level of awareness for how it will be used that's distressingly rare. This book clocks in at 240 pages which would be impossible to get laying flat when bound traditionally. TSO produces some of the rare books that seem to realize this and wisely choose to use a coil binding instead, which allows the book to lay flat on the piano regardless of which page it's opened to. Overall, the quality of this book is outstanding. If you've ever wished you could play their albums on piano this book is for you. 0 of 0 people found the following review helpful. this is a great book for guitar as well as piano. By kathy arinella this is a great book for guitar as well as piano, for any fan of tso this is a must get., the guitar parts as well as the piano are challenging some of the instrumental songs are a great challenge not for a first year pianist or guitarist. these songs take a tremendous amount of practice and patience.. 1 of 1 people found the following review helpful. Amazing band-amazing music. By CassimaPwns This book is a must have for Trans-Siberian Orchestra lovers. I have the Beethoven's Last Night book, and this one is about double the size (being that it is a 2-disc album). Never disappointed with TSO! 10 stars if I could.

(Piano/Vocal/Guitar Artist Songbook). This is a perfect gift for any music maker who loves Trans-Siberian Orchestra. Though many fans first discover them via their well-known Christmas-themed albums and concerts, these rock opera masters also produce plenty of non-seasonal works. Night Castle is one such masterpiece: an ambitious, long form epic that tells an engaging fantasy tale amid a score that features TSO's signature neo-classical art rock at its very best. Instrumental virtuosity and brilliant writing are demonstrated throughout, including plenty of pianistic music that naturally begs to be played by any fan who dabbles with the piano, even if only casually. This complete 240-page score features spiral binding that lays flat on the piano music stand, and includes the comprehensive story text and piano sheet music for every song on the album. Complete melody lines and lyrics are included, along with basic guitar chord grids.
