BradyGames : Transformers: Cybertron Official Strategy Guide (Official Strategy Guides (Bradygames)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Transformers: Cybertron Official Strategy Guide (Official Strategy Guides (Bradygames)):

1 of 1 people found the following review helpful. Transformers: War for Cybertron Official Strategy GuideBy CanyonThis book is a welcome companion to the game, which has become the best selling Transformers game so far. The book does a great job at filling in all the background details on the stats of all the Transformer characters and the weapons. The most valuable part is the walk through for the single player and CO-OP modes and the maps with locations of items on them. I recommend this guide if you are a fan of the game but it is not necessary for good fun game play. The book just enhances the game by giving some background and some tips.0 of 0 people found the

following review helpful. Great guideBy James WetzelThis is a great book. I bought this so I could play the game a little easier, and although the book is used and the corners are a little upturned..the book is still a good read. Definitely must for any Transformers: War For Cybertron gamers.1 of 1 people found the following review helpful. Great guide wanted moreBy rhza1The art and the descriptions of map layouts and multiplayer tips is very helpful and I just like to look at it because of the images and renderings.

Autobots and Decepticons: Two Complete Walkthroughs! We lead you step by step through both the Decepticon and Autobot campaigns. We show you all the collectibles, provide Co-Op tips from the game's creators, and much more!
