6 of 6 people found the following review helpful. Just what I was looking for! By Harper Rue Tivoli This book is exactly what it says. It is just a few pages long, but that's all you need for all of the scales. It has a laminated kind of cover, so it won't get worn out too fast. It has all of the scales that you need, and on the back it tells you what page you

can find some on, if you can't figure it out from looking. Nice book.

The Treasury of Scales includes all major and minor scales in harmonized form -- 96 total. Scales are harmonized in SATB format. The harmony and tempo conditions give the conductor material to teach tone, balance, and intonation. It's easy to use because so many of the instruments are playing the exact same lines. Treasury of Scales should be in every band folder as a permanent part of the repertoire and used daily as a warm-up exercise.
