Humor is just rightBy Nancy KnitterGreat analogies between wife and man's best friend. Well illustrated to show parallels. Recommended for marriage counselors and anyone needing to put humor in their marriage. Has a happy ending.

Men, this is the shortcut youve been looking for. Say good-bye to books about how to be more romantic, or how to speak your womans love language, or how to treat her. You dont need them anymore (and besides, you werent going to read them anyway). If youre like most husbands, you want things in a nutshell, so here it is: Treat the woman in your life like you treat your dog and youll have a very happy woman on your hands. Guaranteed. I feel confident I am speaking for all women when I say this. And heres the best part. Theres no learning curve or complicated formula to follow. Youre already a pro at it. The things you do that make your dog feel loved, cared for and protected are the very same things that will make the woman in your life feel loved, cared for and protected.
