From the Author "With great powers come great responsibilities." Strangely, when I heard those words from Peter Parker in Spiderman, I thought of the insane amount of scams and tricks I'm capable of and how lucky the world is that I use them for good. I grew up having to stay a step ahead of people for survival. As a business owner, I've had to keep that skill of adapting alive. As a full time magician, I've mastered what tricks breaks the ice and how to read a person like a book. These skills become apparent to others at my shows. When I'm done performing at a private party, it is amazing how many teenagers and grown men approach me and ask the question, "Can you just show me one simple trick I can do to impress a girl?" This constant request, combined my with vast experience of observation, brought me to create Tricks To Pick Up Chicks. My hope is that men around the world will take a new approach to meeting women. It is not about the tricks, but an excuse and ease to be yourself anytime, anywhere. The tricks in this book hook a lady's interest and let you be yourself in a fun and confident manner- the two things woman want most! Woman aside, the tricks, bets and scams you are about to learn are great fun for life. As a recently married man, I still use these tricks to make my wife smile daily. I have created a collection of nearly self-working miracles perfect for men of any age, personality, confidence level and ability. You are all set. Go out and share all the magic life has to offer... and meet lots of women while you are at it!
