Marc Smith : Tricks with Finesses (Bridge Technique) before purchasing it in order to gage whether or not it would be worth my time, and all praised Tricks with Finesses (Bridge Technique):

1 of 1 people found the following review helpful. Bridge Technique SeriesBy LennieFor serious bridge players or novices who wish to learn some finesse. I purchase these for an elderly woman that is a master class bridge player. She enjoys doing bridge problems in her spare time and every book in this series is enjoyable.0 of 0 people found the following review helpful. I should have returnedBy TchubanVery poorly written. It is very difficult to follow. I was

looking for some wisdom, but found none. A waste of time.

Intended for intermediate players, these three books complete a twelve-book series that takes the reader through the most important aspects of card-play technique at bridge. Each book is short and full of practical examples, and end-of-chapter quizzes reinforce the concepts. The series will appeal to beginners who are anxious to improve in stages, and to more experienced players who want to improve their knowledge of a specific aspect of card play.
