**Andrew Bates : Trinity Field Report: Psi Laws (Trinity Field Reports Series , No 3)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Trinity Field Report: Psi Laws (Trinity Field Reports Series , No 3):

2 of 2 people found the following review helpful. The most useful of all published Trinity Field ReportsBy Eduardo Alves PennaPsi Laws continues the tradition of the excellent Trinity Field Reports series: high quality in a small package at a very affordable price. Like all published Repots, Psi Laws is all-color and in-character. It can be roughly divided in two sessions: one talking about how authorities generally deal with each Aptitude, and another presenting cases in different countries that involved the use of psionic power. The previous two Trinity Field Reports (Extrasolar Colonies and Aliens) were nice, but most of the info found on them has eventually been covered by bigger sourcebooks. Not Psi Laws. The information here is extremely important for a serious Trinity campaign, and here's the only place you'll find it.
