**From Brand: G. Schirmer, Inc. : Tristan und Isolde: Libretto (Opera)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tristan und Isolde: Libretto (Opera):

0 of 0 people found the following review helpful. Good, Acceptable, libretto translated to English By DNB This translation seems OK/good. I have seen other translations of text from the German that I prefer during certain scenes from this opera. 5 of 6 people found the following review helpful. A Great Help By M. Golding My enjoyment of an

opera on an audio disc is greatly enhanced by reading the libretto as I listen to the music, and since the ones [provided by record makers are often "falling-apart" flimsy with tiny, hard-to-read print I often have to struggle with a mass of unbound pages that I try to keep in the proper order. This especially true with a long opera like Tristan where updated CD sets of some older versions like the 1936 Melchior-Flagstad recording come with no libretto at all. I found this German libretto with English translation to be a great help at an affordable price. 1 of 2 people found the following review helpful. Tristan und Isolde By Inge The libretto includes the description of the setting and stage design next to the words (as poems) of the different characters. Reading the libretto before deciding to see the opera was an important thing to do. By fully understanding the plot I was able to enjoy the music. The libretto is a "must read" for opera lovers.

(Opera). German/English.
