Trivia-on-Book: Euphoria by Lily King Take the challenge yourself and share it with friends and family for a time of fun! King's Euphoria explores the love lives and careers of three anthropologists. Nell Stone and Schuyler Fenwick are married. Andrew Bankson meets them on their journey and helps them to explore one of the tribes that he knew. The three became very close and developed a famous anthropological tool together. The book, however, ends on a poignant note with themes of death, cultural appropriation, separation and loneliness. Euphoria is loosely based on anthropologist Margaret Meads exploration of the tribes of Papua New Guinea and her love triangle with Reo Fortune and Gregory Bateson during this time.
