From Kalmus Classic Edition : Trois Etudes de Concert (Kalmus Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Trois Etudes de Concert (Kalmus Edition):

0 of 0 people found the following review helpful. so it is not easy to read By Average Golfer The print is a lot smaller than other typical music books, so it is not easy to read. Unwisely, I bought this book and Prokofiev's Piano Solos at the same time and both of books are the same problem. I also found that some of music signs are missing like a natural sign. I'm very regretting because my daughter and her teacher have a difficult time to read so they don't use these books. I'm looking for some books published by a different company but no luck. I definitely won't recommend to buy this book at all. Don't buy a book published by Kalmus. 0 of 0 people found the following review helpful. Great editing, and excellent binding By Mitchell Great editing, and excellent binding. However it doesn't contain Liszt's alternate cadenzas and secondary endings found in some editions. IMSLP has those copies, but unless you bind music yourself this is the

best version you can find.0 of 0 people found the following review helpful. Five StarsBy Mingke Zhunice!

(Lamento, Leggerezza, Sospiro)
