djlloellFantastically challenging and well written standard for Trombone. I recently studied and played most of this for my collegiate jury piece. I have ordered several pieces over the years from this particular publisher, and they are personally one of my favorite. The covers are a very high quality, sturdy embossed paper. As far as I know, none of the printing, translations, or revisions are incorrect or wrong. I would recommend this to anyone.0 of 0 people found the following review helpful. nice editionBy Greg MichaelsThe Hindemith Sonata is a must for any trombonist, so I'm
