**From Lorenz Educational Publishers : Trust in Jesus: Hymns of Assurance for Organ (Manuals Only)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Trust in Jesus: Hymns of Assurance for Organ (Manuals Only):

0 of 0 people found the following review helpful. Excellent Manuals Only Arrangements By Bibiana Many church organists were originally pianists. The organ is not their main instrument, and they find pedalling difficult. These fine arrangements of popular hymns give a beginning or intermediate level organist. beautiful music that has no pedals but isn't banal or childish sounding. Matter of fact, I feel they might appeal to advanced organists as well, because of the good quality of the selections.

Journey through faith with these beautiful and expressive hymn arrangements designed for organ manuals alone.

These selections are suitable as preludes, offertories, or even reflective postludes, and organists will find the sensitive and warm settings invaluable throughout the church year.
