From Ingramcontent : Twelve Piano-Forte Sonatas of L. Giustini di Pistoja before purchasing it in order to gage whether or not it would be worth my time, and all praised Twelve Piano-Forte Sonatas of L. Giustini di Pistoja:

In 1732, Lodovico Giustini (1685-1743) published the first known pieces of music written specifically for the piano. This book, originally published in 1933, contains an edited facsimile of that first edition, with an introduction on Giustini's life and legacy. This book will be of value to anyone with an interest in music or the history of the piano.
