I'm not sure if there's even 21 sentences in this slim pamphlet pretending to be a book. It reads like a bad student's term paper glued together to make a leaflet. Some pages have only one sentence in the middle of the page and the information looks like it was copied of Wikipedia.Save your money!!!!3 of 3 people found the following review helpful. There aren't t even good pictures insideBy Cindy OttI purchased this for my grand daughter. It's not a book but a pamphlet!!!! NOT worth the money. There aren't t even good pictures inside...it should at least come with a poster. Save your money.2 of 2 people found the following review helpful. but like previously stated this is a pamphletBy Shannon CatsroWe thought it was going to be a book, but like previously stated this is a pamphlet. Not worth the amount of money you pay for it, you can probably google and read more things about the band then what was stated in this pamphlet. Save your money, wish I would have read the reviews before purchasing.... So disappointing!!!
