from AMAZON for \$1.98, with \$12 postage, a lot, considering it is a single sheet of sheet music. We know that whatever we need, we can probably find @ AMAZON...MB~0 of 0 people found the following review helpful. nice price

For the price I am quite pleased. The only thing I changed was the fingering.

Bach's famous F-major Invention is presented in a nicely spaced sheet solo edition by Willard Palmer, who has added valuable performance notes based on early editions of the work as well as editorial suggestions in gray print.
