Five Stars By Home Excellent product. Arrived very quickly. Very satisfied! 1 of 1 people found the following review helpful. Henle Editions Are Great! By Joan Perry I really like Henle editions, although they could have edited the bottom staff of #13 in a minor better. It's just as crowded as my old Schirmer edition!

Bach composed these Inventions in 1722/3 for the instruction in keyboard playing and composition of his eldest son, Wilhelm Friedemann, who was then just 12. Richard Jones's edition of these pieces is also available from ABRSM in a 'Signature' Series edition, where they are combined with the (three-part) Sinfonias and given more textual commentary.

This is a very welcome volume. \* Piano Journal \*
