Matthew Sprange : Ultimate Equipment Guide: Supplementary Rulebook III (v. 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ultimate Equipment Guide: Supplementary Rulebook III (v. 1):

0 of 0 people found the following review helpful. A great addition to any fan or DM/GM of d20 system ...By CustomerDelves into the design of items. Lore and in game material. A great addition to any fan or DM/GM of d20 system gaming.0 of 0 people found the following review helpful. Five StarsBy Victoria FellIt was very useful ...I enjoyed all the useful equipment andgear2 of 2 people found the following review helpful. Great Unique Supplement to the 3.5 DD RulesBy Ron HornbeckIf you were going to create a Wal-Mart in your DD campaign, this book would be a must. It contains a myriad of unique equipment, weapons, armor, instruments, tools, clothing items and knick-knacks. They have whole sections devoted to useful items (both magical and mundane) for Sorcerers, Bards, Monks.

Rogues, Fighters and even a section for Psychic Mastery, just to name a few. A must for every game master.

What would a fighter be without his armor, a wizard without his spellbook or a rogue without his vast array of strange bits of metal that he insists are absolutely not lockpicks? The Ultimate Equipment Guide is far more than a simple list of mundane items, instead it delves into the heart of the d20 system, bringing a vast array of diverse items from the mundane to the fantastical. This massive tome brings together the best equipment from a wide range of Open Game Content sources, together with a host of new items for your characters to spend their hard-won gold upon. Your equipment can often make the difference between life and death for your characters, with the Ultimate Equipment Guide your chances of survival just got a lot better.
