This is one of the best. 0 of 0 people found the following review helpful. Glossy paper By A. Swain I like the variety of puzzles; however, I do not like the glossy paper. I can't write on it well and it doesn't erase well, either. Some of the puzzles are quite difficult and I like that. I'm not happy, however, that there is only one for Saturday and Sunday. The calendar will probably hang nicely on the wall, but I like a stand-up calendar and this one will not stand up. 0 of 0 people found the following review helpful. Great for daily Sudoku use By mckenz Have been using ultimate Sudoku for the last 3 years. Am not very good with the puzzles requiring the math usage, but do enjoy the other various types of puzzles. Look forward to working on the daily puzzle over my morning cup of coffee and tend to finish the daily puzzle up before bed if didn't have time to finish in the morning.
