Conceptis Puzzles : Ultimate Sudoku 2017 Boxed/Daily Calendar before purchasing it in order to gage whether or not it would be worth my time, and all praised Ultimate Sudoku 2017 Boxed/Daily Calendar:

The paper is glossy, it's hard to see what you wrote on it, then if you erase it smudges and it nearly impossible to redo. Also, some of the puzzles have darkened boxes which makes it difficult to do the puzzle. I am disappointed that a printer wouldn't be aware that a puzzle such as this needs to be on newsprint or a like paper. Will not order again!1 of 1 people found the following review helpful.

CALENDARBy Susan PenningtonThis product has some great puzzles. Some of them I have not done before, like the sum sudoku, and it would be nice to give some hints as to how to solve it best. My main problem with it is the slick paper it is printed on. I use a pencil and it is really hard to print and erase on this slick paper. I would not buy it again unless that was changed.0 of 0 people found the following review helpful. This is the second year of buying this for a ...By EstherThis is the second year of buying this for a Christmas gift and recently was enlightened to the fact that several dates on the July and August months in the Ultimate Sudoku calendar were not chronologically correlated; the manufacturer needs to have a more though quality inspector or hire some to obtain a premium product. Thanks!!!!
