**From Belwin Music : Un Poco Sonatina: Sheet (Piano Music)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Un Poco Sonatina: Sheet (Piano Music):

Interesting writing, clever harmonies, infectious motives, strong rhythms, and mildly contemporary sounds abound for the pianist with a flair. The music of Eugénie Rocherolle is always imaginative and will capture the attention of any audience. This three-movement sonatina is a perfect choice for sonatina festivals or competitions.
