

science and history when these might not be their favorite subjects. The stories are all bite sized quick reads that present the inventions in the weirdest and most memorable way possible. No boring, dry textbook prose that would send even the most fervent science geek into a coma. 0 of 0 people found the following review helpful. They All Failed! So, What did you suspect? ("Shoulda, Woulda, Coulda Stories. Ho hum.")By JoypebbleSilly, tiresome. A book of Failures turns out to be a failure. Nothing interesting. Why, because they were all bad ideas to start with. What would have made an interesting book is that if these inventions all actually worked! (Not that they failed as expected.)A big disappointment. Closed it after about 20 pages. 0 of 0 people found the following review helpful. OK Book. I've bought almost every Uncle John's book ...By Ancil H GreerOK Book. I've bought almost every Uncle John's book, but this one is smaller in size. A fair read, but not the same as the "real" Uncle John's Books!

The writers behind Uncle Johns Bathroom Reader present this totally true treasury of amazing gizmos--devilish devices you never knew existed, created by people who thought the world absolutely needed what they had to offer and sell. Read all about:- The onesie that turns your crawling baby into a mop- The fart-stifling blanket- The square watermelon- The video game you control with your mind- The weight loss device that sucks food out of your stomach

About the AuthorThe Bathroom Readers' Institute is a tight-knit group of loyal and skilled writers, researchers, and editors who have been working as a team for years. The BRI understands the habits of a very special market--Throne Sitters--and devotes itself to providing amazing facts and conversation pieces.
