Got several of the kid-oriented volumes in the RV for the Gkids. Perfect book to pick up and browse for a while, put down, come back to later (= great for short attention span!).0 of 0 people found the following review helpful. Another fun book in the seriesBy J.M. JacoI haven't seen ALL the Uncle John's books, but have read enough of them to know that this is another good one to get. It definitely tries to go with the motif of the sub-title as often as it can, but generally this is just another highly accessible collection of interesting facts and stories that particularly appeal to the younger set.I think I found out more than I'd ever care to know about the spit wad, for example.Overall, much of this contains some very commonly heard stories. Perhaps the editors felt that they needed a way to collect such stories in a useful volume, so they decided to market it to kids. I can get behind this, as it does provide yet another way to essentially back fill the common culture our youth often lack.Nevertheless, as a bathroom reader, the style, brevity, and wit are just like the others - meaning this is another good value.0 of 0 people found the following review helpful. ... Uncle John's bathroom reader and this one did not disappoint. Gave one to my son and one to ...By La Deana RobertsYou can't go wrong with an Uncle John's bathroom reader and this one did not disappoint. Gave one to my son and one to another teenager in our life.

We admit it: Uncle John wasn't a great student. He'd rather draw plungers or make fart noises than read boring school books. So we made this book with little Uncle John in mind. It's full of fun facts and funny illustrations--all designed to make your teacher squirm. It's got the weird. It's got the wacky. And it definitely has the gross. So hide this book from the grownups as you check out . . . - Icky eats: fried spiders and candy-coated larvae- Hunting for real hidden treasures- The history of doughnuts- How to make armpit farts- Goofball students who grew up to be president- Wrong facts your teacher thinks are truePlus dumb crooks, amazing kids, animal oddities, and a whole lot more!Lexile score: 1010L
