Bathroom Readers' Institute : Uncle John's Perpetually Pleasing Bathroom Reader (Uncle John's Bathroom Readers) before purchasing it in order to gage whether or not it would be worth my time, and all praised Uncle John's Perpetually Pleasing Bathroom Reader (Uncle John's Bathroom Readers):

and better looking. This is an average effort. Interesting, but somehow without the surprises of earlier Readers. Perhaps I'm getting jaded, but I really try to read each one as if I'd never seen one before. You could certainly do worse than to buy the entire series and read through all of them (not at one "sitting," of course). Hail peristalsis! Go with the flow! 3 of 3 people found the following review helpful. Love this series! By Debra Allen Are you the person in your group who's always popping up with interesting odd facts, the story behind the story, the origins of words and phrases--you know, the cool sort of conversational tidbits that make your friends roll their eyes in awe as they ask "Why would you know that"? Then this is the series for you! Whether you've got a free evening to curl up with some good reading or just a few minutes, then this book (and the rest of the series) is perfect. I always download a new one for when I travel because they're interesting and great for getting you through the long wait time at the airport but don't require so much concentration that you miss them announcing your flight. 1 of 1 people found the following review helpful. Good Service-Bad Packing Job! By Peter F. Ehrbar I have all The Readers starting with the first given to me as a gift. Always informative and an easy read. The book came in two days and was appreciated. Fortunately I was home when it arrived by FED EX and was happy to see the book was in good condition because the packing was below par. No padding or waterproof sleeve and a loose unsealed end on the sloppy fitting cardboard container (if you can call it that). allowed the book to rattle around inside. Once again, I'm glad the book arrived in good condition but the senders packing certainly needs to be improved.

2014 IBPA Benjamin Franklin Award Silver Winner in Humor! The 26th annual edition of Uncle Johns wildly successful series is all-new and jam-packed with the BRIs patented mix of fun and information. Open up to any page and you may find an interesting origin (like the origin of the snowglobe) or a piece of obscure history (like the true story of the man who tried to repeal the law of gravity). You'll also find weird news, urban legends, brain teasers, classic riddles, bizarre headlines, and of course, the incredible factoids at the bottom of each page. Here are a few of the perpetually pleasing articles awaiting you:- The Lamest Excuses of All Time- How to Survive on Roadkill- Astronauts Who Got Kicked Out of Space- The Woman Who Was Her Own Twin- Foiled by Technology: Dumb Crooks Edition- The History of the Teleprompter, the Police Car, and the Fly Swatter- Jogging Makes You Dumber, and Other Real Study Results- The Lost Fortune of Abraham Lincoln- Boxing Lingo And much, much more!
