**Bathroom Readers' Institute : Uncle John's Political Briefs** before purchasing it in order to gage whether or not it would be worth my time, and all praised Uncle John's Political Briefs:

5 of 5 people found the following review helpful. Return of Uncle JohnBy Diane LanierFor me the quality of the last several Uncle John books has been very mixed--from abysmal to some new stuff/some re-hashed stuff. At first when I saw that this is one of those smaller, special interest volumes, I was very dubious. (In my opinion these books have usually been printed with a slightly larger font to cover up that they don't have a lot of content). I was pleasantly surprised that this book not only stuck to a regular size font, but also had a lot of new material. There is some material from their earliest book "It's a Conspiracy!" but that was years ago. Overall, a good addition the Uncle John collection.8 of 8 people found the following review helpful. Uncle John's Political BriefsBy Sherri Stommell have

always liked the Bathroom Reader books. And have always loved reading just about anything political that I can get my hands on. I was expecting to enjoy the book but to my happy surprise there was a lot of stuff in this book that I didn't already know. It's a good book for political junkies or someone mildly interested in politics. It's also got a lot of funny stuff too! 0 of 0 people found the following review helpful. It Doesn't Disappoint By Janet I think I like everything they've ever put out. This one doesn't disappoint.

No one skewers public servants of all political stripes like Uncle John! Here's a no-holds-barred look at the history and lunacy of our government machine. Starting with the birth of democracy in the western world, you'll learn how today's political landscape was shaped and get an inside look at how government works (and doesn't work)--from Main Street to Wall Street to Pennsylvania Avenue to the world stage. These 288 pages consist of the most eye-opening political articles from the BRI's 25-year-history, plus a few all-new pieces ripped from the election-year headlines. So do your civic duty and read about Toilet diplomacy, Gingrich vs. the Glitterati, Why a donkey? Why an elephant? Animals that ran for office and won, The island election that was buried by a volcanic eruption, The birth, death, and rebirth of America's major political parties, Why the first U.S. congresswoman had to hide in a phone booth, The rapper who (nearly) took a swing at Romney, The Russian czar who taxed the human soul, The secret plot to take down FDR, Poisonous pundits. And much, much more!

About the Author: The Bathroom Readers' Institute is a tight-knit group of loyal and skilled writers, researchers, and editors who have been working as a team for years. The BRI understands the habits of a very special market--Throne Sitters--and devotes itself to providing amazing facts and conversation pieces.
