I read through it, liked it and, bought a second Reader. The sense of humor and all of the different topics available in it made it a fun read. I've bought quite a few for my Kindle now. I'm going to invest in a couple of editions to leave in each of my bathrooms. Love the books! I joined as a member of The Bathroom Reader's Society on their website. These books are informative and fun. What a way to multi-task.0 of 0 people found the following review helpful.
