This puzzle is of excellent quality with shapes of all sizesBy Casey GruberThis puzzle came in very quickly, and what I thought would be a cute present for my mom's birthday is slowly tearing this family apart. This puzzle is of excellent quality with shapes of all sizes, however it just seems impossible to put together. It has sat half finished on a small table in our living room for 3 months now, and our family looks at with complete hatred. Cute puzzle though.0 of 0 people found the following review helpful. Water dogs are cool!By Voodoooblu62Bought as a gift for my dog loving sister. She liked it!

Made in the U.S.A. to the same exacting standards as our award-winning books and calendars, these delightful 1,000 piece puzzles feature precision cut, images on high-quality blue board.

About the AuthorOur location in the Wisconsin northwoods helps keep Willow Creek Press off the publishing world's radar. Around here, we're more accustomed to landing walleyes and muskies than big books and authors - events hardly worthy of note in Publisher's Weekly. But, a few years ago we did get noticed with the release of Just Labs, a unique and colorful tribute to Labrador retrievers. The book quickly became a bestseller (now with 250,000 copies in print) and frankly startled us with its success.We were not surprised for long, however, and now an entire line of popular Willow Creek Press titles evokes the myriad joys of dog and cat ownership. Today we are known for these high-quality, light-hearted books and feature over 40 such titles in a continually-expanding line.
