James Ratkos, Elizabeth Hollinger : Valkyrie Profile: Prima's Official Strategy Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Valkyrie Profile: Prima's Official Strategy Guide:

ESSENTIAL, BUT NOT 100% ACCURATEBy EMAN NEPWhile it may be a no-brainer to use a strategy guide for an RPG, VALKYRIE PROFILE (VP) is one of those games where the use of one is practically mandatory in order to complete the game.I tried playing VP two or three times on my own--no strategy guide--before realizing that the game just had too much depth and was too overwhelming--especially if you're going for the best ending.As the shiny gold box on the cover implies, this guide will help you find all three endings--although, arguably, only one of them is really worth attaining.However, some of the information in this guide is a little misleading and could prevent you from ever reaching the "A" ending.For example, on the chapter entitled, THE ENDINGS GAME, there is a chart that tells you what events you have to view and what chapter they appear in. More specifically, it says that you can view "A Fateful Event" in Gerabellum in Chapter 2 and "Lord of the Immortals"

in Brahms Castle in Chapter 3 and 4. These scenes are critical to reducing Valkyrie's Seal Rating. However, what if you are already past those chapters and you haven't viewed those events yet? What the Guide DOES NOT tell you, is that YOU CAN VIEW THOSE EVENTS AT ANY TIME AFTER THOSE CHAPTERS! If I had kept playing, not having seen those events and assuming I could never view them again, then I would have essentially played to the very end, only to be presented with the generic "Normal" ending. Another flaw I found regards the Lost City of Dipan. One of the first paragraphs introducing this dungeon tells you that you have fight Barbarossa before you can explore around. This is not true. There were times where I entered the dungeon and was able to explore a few hallways and fight all the monsters within. This may not be true for the very first time you enter this dungeon, but I found it held true after re-entering the dungeon after losing to Barbarossa. As for the positives, all of it is essential and well organized. Although the game features a map system, this guide was most invaluable in figuring out which doors led to where and what enemies and treasures you can expect to find in each room. Another huge help was the lists of enemies encountered in each dungeon, as well as all of their weaknesses. If this game has been sitting in its jewel case collecting dust, I suggest you dust it off, get this guide and give it a spin--it's a very deep game and often very fun. 0 of 0 people found the following review helpful. Excellent condition By SubI was expecting the pages to be a little worn and very noticeable. I was surprised on how like new this product is when I received it. Very well kept. The guide itself can be a bit out there with some of the details but still very helpful if you are trying to get the best ending in the game. 0 of 0 people found the following review helpful. tough game the guide gets you through the tricky spots. By estorhinotypical guide well written with hints and walkthrough to complete the game.

Set in the world of Norse mythology, Valkyrie Profile features the goddess Valkyrie, who must collect the souls of fallen warriors and train them for battle in a war between the gods. Players interact with a variety of characters, each with his or her own history. Although completely non-linear, there is a time frame during which you must amass the holy army, adding an element of impending disaster to the quest! Depending on the choices you make throughout the game, you'll experience one of three separate and earth-shattering endings. Valkyrie Profile: Prima's Official Strategy Guide includes: A comprehensive bestiary Detailed maps and strategies for all dungeons Side quests and bonus items revealed All game pattern and difficulty level information The guide also includes strategies for: Defeating every boss Sending the best warriors to Valhalla Recruiting all of the Einherjar Uncovering the Seraphic Gate
