If you love VtMB you should get this strategy guideBy AnonymousThis guide is a perfect tool to walk you through the game and to help you think through what you need to do to complete each task. The maps alone are a huge help and make this book worth the money. This guide adds a lot of important detail that is not available in either on-line guides or youtube walk-throughs. The stats on all of the characters was another very useful feature.0 of 0 people found the following review helpful. A Helpful Hint Book.By Matthew M. TobinThis book would be very helpful to anyone playing the game referred to in the title. Vampire clans, important characters, and maps assist you past those places in computer games where one gets stymied and unsure what choice or path to take. The art is of good quality, as well.0 of 0 people found the following review helpful. The Book is a wonderful helpBy DocThis guide is grate for those who might need a little help with the game. It shows all

of the episodes and also how to get a round quicker to find what you need or who to speak to. A wonder guide and a great hand book for all of those who have the game. I would recommend buying this guide

Unleash Your Vampire Powers and Rule the Underworld! BradyGames' Vampire: The Masquerade Bloodlines Official Strategy Guide includes coverage of all the story-driven quests. Coverage of the 7 different vampire clans and 12 vampire powers, plus online battle coverage with a variety of team-based mission objectives. Detailed listing of all items and weapons. Tips for interacting with characters, forming alliances and uncovering plot points and story information. BradyGames is Official and Exclusive on this title. Platform: PC- CD-Rom. Vampire: The Masquerade Bloodlines plunges players into the dark and gritty vampire underworld of modern-day L.A. as a creature of the night. Players will develop their character's powers, interact with other characters and embark on story-driven quests as they battle mortals and other vampires with an incredible array of vampire powers and weapons. Powered by Valve's Source Technology, the same technology used to power Half-Life 2, Vampire is being developed by renowned RPG developer Troika Games and is based on White Wolf's popular Vampire: The Masquerade pen-and-paper RPG series and its official clans. Players will journey into the World of Darkness, the vampire underworld of modern day Los Angeles, from thumping rave clubs and the secret underground caverns of Downtown to seedy hotels and exclusive mansions on Hollywood's infamous Sunset Strip.
