Not what I expected but still funBy TravelMomVery excited about teaching my son about impressionist art through a fun game but it wasn't quite what I expected. There are four different paintings for each artist so there really isn't a match per se when playing Go Fish. You are asking for the artist by name when looking at that artist's painting even though someone else is looking at another painting. We found the best way to play was at a memory game with all the cards face down and we had to find a match by artist name. I think my son has learned the names of artists this way but not necessarily their famous paintings. Perhaps that will

come in time. 2 of 3 people found the following review helpful. Mild nudity in a few pictures

I agree with other reviewers-- the book is the most valuable piece of the set, lots of detail in the explanations with good-sized reproductions. Some parents may want to limit their kids exposure to the book/game since there are a few nudes depicted. Most are viewed from behind. Another nude is shown from the front, though her skin is so dark it is not too obvious how anatomically-correct she is. There is also a painting that is a violent scene of battle casualties. This set covers Van Gogh, Cezanne, Seurat, Gauguin, Rousseau, and Toulouse-Lautrec. Some other artists of the same period are included in another game (The Impressionist Art Game) instead.

Beautiful card game, BUT the best is the enclosed art book that tell about the style, color, texture, description, etc. at a level children can understand. Great book and cards for teaching adults and children about Impressionistic art. I will be using this set in my classroom.

Discover 6 amazing art revolutionaries as you play Go Fish for art and a new version of Concentration. This is a game about the Post-Impressionists who lived and painted in Paris at the turn of the 20th century. Collect 6 works of art by Van Gogh, Gauguin, Cezanne, Seurat, Rousseau, and Toulouse-Lautrec as you play. Learn the story behind each painting in the 90-page full-color book that comes iwth the game.
