**Hal Leonard Corp. : VH1'S 100 Greatest Love Songs (Easy Piano Songbook)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised VH1'S 100 Greatest Love Songs (Easy Piano Songbook):

2 of 2 people found the following review helpful. terrible, boring arrangements, sound nothing like the songs By Mike and Wife Arrived with a big gouge in the cover. Which could have been overlooked, had the arrangements not been terrible. Great concept, many songs, but terrible arrangements. In the effort to "simplify" and to easier keys, much of the joy of the song was lost. 1 of 1 people found the following review helpful. Lots of songs... By Customer This book does have lots of songs and they are easy, but some of them don't sound right at all. Its almost like the people who chose what versions to throw in here didn't play all, these first to make sure. That's how far off these sound 0 of 0

people found the following review helpful. Dan Coates is a much better choice for easy piano arrangements. By Piano Man I'll give it two stars for having a decent song list. The arrangements are very simplistic and the left hand is not very smooth or interesting. There are also minimal fingering suggestions which would help considering how jumpy the left hand arrangements are written. It does give the chords so you can try improving the arrangements on your own. Dan Coates is a much better choice for easy piano arrangements.

(Easy Piano Songbook). The very best love songs from all genres chosen by VH1 and ranked 1-100. Includes easy arrangements of: I Will Always Love You \* My Heart Will Go On \* Maybe I'm Amazed \* Love Me Tender \* Open Arms \* Unchained Melody \* and dozens more, plus info on the selection process. 480 pages of great music!

About the Author Founded in 1947, Hal Leonard Corporation has become the world's largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.
