P. Adams Sitney : Visionary Film: The American Avant-Garde (Galaxy Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Visionary Film: The American Avant-Garde (Galaxy Books):

Critics hailed the first edition of Visionary Film as the most complete work written on the exciting, often puzzling, and

always controversial genre of American avant-garde film. Now P. Adams Sitney has revised and updated his classic book with a detailed study of major achievements made in the last decade.
