**Disney Book Group : Walt Disney's Bambi: The Sketchbook Series** before purchasing it in order to gage whether or not it would be worth my time, and all praised Walt Disney's Bambi: The Sketchbook Series:

2 of 2 people found the following review helpful. Inspiring, amazing artworkBy Art MavenFortunately, this may very well be the best and most affordable of the so called "Disney Sketchbook Series." The artwork is sublime. Marc Davis brought his extensive knowledge of animal anatomy to greatly improve the rendering of the deer over those in Snow White. He also studied emotional baby expressions from a psychology book to incorporate them into the drawings. Very anthropomorphic, you can feel human emotions coming out of these drawings without compromise to the essence of animal renderings. That's a pretty amazing accomplishment. But then add Tyrus Wong's abstract Pastels and watercolors as layout influences, and you have a Disney masterpiece. You also have mind-blowing artwork. This

is a wonderful sketchbook that effectively surveys the height of the golden era of animation. It pleases artists and fans alike. I would have liked to have seen more layout work, particularly the work of Tyrus Wong. Fortunately, such work exists in the Johnston and Thomas "Walt Disney's Bambi" book which can also be purchased used. For what I value in Disney artwork, this is equaled or surpassed only by the art of Fantasia. 0 of 0 people found the following review helpful. Book is beautiful. Lovely concept sketches and artwork from Bambi By Spicy Llama Book is beautiful. Lovely concept sketches and artwork from Bambi. However whom I purchased it from sent me a ripped up cover. 0 of 0 people found the following review helpful. Four Stars By Sofie Great drawings but I wish there was more writing about design choices.

The classic story of the gentle fawn and the seasonal joys and sorrows of life in the forest has warmed and inspired the hearts of all ages since the film was first released in 1942. Featuring the work of Disney animation greats, and in celebration of the 55th anniversary of this beloved film, this sketchbook is a fine tribute to one of the greatest animated films of all times.

About the Author Disney is the nephew of Walt Disney and vice chairman of the board of the Walt Disney Company.
