**I.M. Stoned : Weed 2018 Daily Calendar: 365 More Things You Didn't Know (or Remember) about Cannabis** before purchasing it in order to gage whether or not it would be worth my time, and all praised Weed 2018 Daily Calendar: 365 More Things You Didn't Know (or Remember) about Cannabis:

Every stoners favorite calendar full of irreverent facts about marijuana for people who love weed (medicinal, or otherwise). Weed 2018 Daily Calendar reveals all there is to know about the psychoactive substance that more than four in ten Americans have tried and that eleven percent consume regularly. From how to grow it (and hide it) to myths debunked and pot in popular culture, this smokin calendar is guaranteed to keep you giggling long after the buzz wears off.
