**Michael R. Pitts : Western Movies: A Guide to 5,105 Feature Films, 2d ed.** before purchasing it in order to gage whether or not it would be worth my time, and all praised Western Movies: A Guide to 5,105 Feature Films, 2d ed.:

1 of 1 people found the following review helpful. He loved it! He likes westerns and he can use ...By CustomerChristmas gift for my elderly father in law. He loved it! He likes westerns and he can use this to find new (old) movies to watch. He also liked the nostalgia value of looking through the movie information.0 of 0 people found the following review helpful. Fun-filled Western Movie ActionersBy Silverheels"Western Movies: A Guide to 5,105 Feature Films" by Michael R. Pitts is a very thorough book, which covers the film company, year of release, story creator, director, cast, very brief synopsis, and Pitts's own review of each Western film. Pitts points out that these reviews are only his opinions and should be used as a guide for the viewer, not as the final word. There are a number of black and white photos scattered here and there through the book.0 of 0 people found the following review helpful. If you are a western movie fan, Michael Pitts' book is a great reference in your library.By Robert ThomasPro: list

includes director, script writer, many actors ( more than in other publications ). A very good description of the movie and frequently an opinion. M. Pitts includes many of the very first western movies. Con: I can think of none.

This revised and greatly expanded edition of a well-established reference book presents 5105 feature length (four reels or more) Western films, from the early silent era to the present. More than 900 new entries are in this edition. Each entry has film title, release company and year, running time, color indication, cast listing, plot synopsis, and a brief critical review and other details. Not only are Hollywood productions included, but the volume also looks at Westerns made abroad as well as frontier epics, north woods adventures and nature related productions. Many of the films combine genres, such as horror and science fiction Westerns. The volume includes a list of cowboys and their horses and a screen names cross reference. There are more than 100 photographs.

"Comprehensive...recommended." --Choice "Wonderful." --Arba "Superb." --Film "Recommended...superior...very useful." --Classic Images "Pitts has done a massive job, intelligently and well." --Movie Collector's World From the Inside Flap This revised and greatly expanded edition of a well-established reference book presents 5105 feature length (four reels or more) Western films, from the early silent era to the present.
