I really can read. I read a lot. I'm great at reading... the best. In fact, there are teenagers living in their parents' basements who can tell you all about it on

Twitter. They know I'm fantastic. If anyone has anything to say otherwise, they're crooked crybabies. I can read all sorts of books. I think reading is great. I'm fantastic at reading. It's probably my best skill (unless we're talking about something else in which case whatever we're talking about is my best skill). If you don't think I'm the best at reading, it's probably because you are a member of one of the many subgroups of the population for which I have no respect. Wait... was I supposed to be talking about something other than myself, some sort of topic or something? I either forgot or awkwardly got out of it. I'm also excellent at forgetting and awkwardly getting out of things. 1255 of 1293 people found the following review helpful. Trust me. Amazing. By Mary L. Doyle Just amazing. Short sentences. But still good ones. And plus many of the short sentences are repeated. Amazing. You'll see. I'm telling you, it will open your eyes folks. Open your eyes. And so many won't want to read it. Because they can't handle it. Puny people. Puny. But when you do read it. I'm telling you. It will open your eyes. Trust me. Amazing, amazing book. 786 of 812 people found the following review helpful. confusing words like 'and', 'the' By Beth T. Shea Not only will this give Trump supporters everything they need to know about their leader, they won't be hampered by long, confusing words like 'and', 'the', 'Constitution', etc.
