Still as funny as when I first read a beaten up copy of it at the school lunchtable, in the early 80's 4 of 4 people found the following review helpful. An American Treasure of humor By A Customer
This book is a MUST HAVE for the office worker who enjoys handing out XEROX copies of great humor. Not only is this book extremely funny, it has captured an "almost lost history" of American folklore. Nowhere else can you get the ultimate source of good humor, that has detailed explanations of what and how each joke (or story) have come to being. Good information to educate the younger generation who don't quite understand the true humor of the past. Get a copy of this genuine relic of great writings of people like you and me. A modest collection of pamphlets, cartoons, stories, limericks, "Top Ten", racial, religious, nationality, poems. etc... some of which you may have seen passed around the office at one time or another. Probably the best "bathroom book" you'll ever get your hands on.
0 of 0 people found the following review helpful. For all the office workers of the world. A MUST HAVE !!
By George H. Ajrrambide
Gotta have it. If you are at all interested in the origins of all the photocopier art passed around from desk to desk and generation to generation...

Anyone who has ever filled in a form in triplicate, taken an aptitude test, or been rebuffed by a form letter will appreciate the urban folklore found in this collection. Urban people as a folk are bound together by their unhappy experiences in battling "the system," whether that system is the machinery of government or the office where one works. The wonderfully expressive materials in this book-chain letters, memoranda, notices, and cartoons-touch upon every major controversy of urban America: racism, sex, politics, automation, alienation, welfare, the women's movement, military mentality, and office bureaucracy. The humor of the materials pinpoints the ills and frustrations of modern society and becomes, in turn, an escape from them.

About the Author
Alan Dundes is a professor of anthropology and folklore at the University of California, Berkeley.
Carl R. Pagter is counsel and consultant for a large corporation in California.
