Linda J. Cowgill : Writing Short Films: Structure and Content for Screenwriters before purchasing it in order to gauge whether or not it would be worth my time, and all praised Writing Short Films: Structure and Content for Screenwriters:

3 of 3 people found the following review helpful. The BestBy Farscape1477 This under-appreciated book is far and away the best book on screenwriting I've ever come across, and I've read them all. Whether the author is a successful industry screenwriter doesn't really matter, much more accomplished screenwriters have written books that don't measure up to this one. This book is simple, concise, and and comes from a place of humility. A screenwriting book

isn't going to make anyone a great screenwriter, but this book can be a very useful tool for just about anyone trying to improve their craft. 0 of 0 people found the following review helpful. Terrific. By Nikki Cruz This is the only book I've seen that even discusses how to write a short film, making it a must-have for students, filmmakers, or TV writers needing to work in this format. Although the emphasis is on the short film, the hidden value is really in the nuts-and-bolts approach the author takes in laying out the overall screenwriting process. The writing is clear and concise and the practical tips that Cowgill provides should help both the novice and the seasoned pro. 0 of 0 people found the following review helpful. Five Stars By RollyGood

Writing Short Films is one of the bestselling university text books on writing short film screenplays. This updated and revised edition includes several new chapters.

About the Author Linda J. Cowgill, author of Writing Short Films and Secrets of Screenplay Structure, currently heads the screenwriting department at the Los Angeles Film School. She has written for film and television, and taught at the American Film Institute, Loyola Marymount University, and the Boston Film Institute. She has presented The Art of Plotting seminar in Los Angeles, New York, and Miami.
