**Michael Halperin : Writing the Second ACT: Building Conflict and Tension in Your Film Script** before purchasing it in order to gage whether or not it would be worth my time, and all praised Writing the Second ACT: Building Conflict and Tension in Your Film Script:

2 of 2 people found the following review helpful. An extreme dissapointmentBy Chris McgowanThe 2nd act is the biggest act in your screenplay and needs to be handled very carefully. This book has one great thing working for it, the

title! It falls short on so many levels. If you are looking for a book filled excerpts from old screenplays and nothing really useful to use in your 2nd act, then this book is for you! An extreme dissapointment. In fact, one of the greatest difficulties in writing the second act is the B Story. This book does not even mention a B story! Please, save your money and don't buy this book! 0 of 0 people found the following review helpful. Good advice for the writing that script that Hollywood desperately needs like yesterday! By walter berk After you've digested all of Syd Fields stuff, this is helpful information. j But don't give up your day job just yet! 0 of 0 people found the following review helpful. Writing the Second Act by Michael Halperin By Terry R. Harmon I was expecting more, concerning writing a better process with the Second Act in screenwriting. A better Process. Terry Harmon

Every screenplay needs an attention-grabbing beginning and a satisfying ending, but those elements are nothing without a strong, well-crafted middle.

About the Author Halperin is a professional writer and has worked extensively as a creative and story consultant in the television industry.
