Shawn C Fornari, Shawn Fornari : Writing YOUR Story for the BIG Screen (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Writing YOUR Story for the BIG Screen (Volume 1):

0 of 0 people found the following review helpful. GREAT BEGINNER'S GUIDE TO THE FUNDAMENTALS OF SCREENPLAY WRITINGBy CustomerGreat beginner's guide to the fundamentals of writing screenplays. Shawn has an insight into good scripts, since he was a director himself and knows what he is looking for from a user's point of

view. I had the pleasure of being in Shawn's classes at the Burt Reynold's Institute of Film and Theater in Jupiter, FL and i can tell you that the various scripts I have written, my ideas, my technical ability to actually write a profession screenplay could not have been possible without Shawn's guidance and his mantra "writing is rewriting." 1 of 1 people found the following review helpful. Great motivatorBy Gregory BlockShawn Fornari's book, "Writing Your Story for the Big Screen" is an excellent guide book for anyone interested in writing a screenplay. Shawn breaks the daunting task into a number of discrete steps that provide excellent scaffolding for screenplay development. The book is both instructive and motivating. 1 of 1 people found the following review helpful. Great for novice or experienced writersBy Craig ZamboniA refreshing new approach to telling a story and putting it to paper. A sound proven method which emphasizes character development and storyline construction. Simple enough to grasp the concept and detailed enough to guide you through mastering thie elemental basics of screenwriting. I highly recommend this book for film students or anyone who wants to learn the right way to develop and draft a professional script for production.

This book is for any writer who wants to tell a story for the screen. I guide you with specific step by step instructions on how to write a full length feature screenplay. This book is designed as a workshop for either inspiring or veteran screenplay writers who wish to develop the tools necessary to write a full length screenplay from conception to completion. I want you to be able to develop fully dimensional characters whose actions stem from what we know of them from the script and who speak in voices specific to their character. If the writer knows the character down to every last detail of his or her core, when it's time for the character to take action or deliver a line of dialogue, it's the character who writes for the writer never the other way around.
